

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 93-289-W - ORDER NO. 93-419 /  
MAY 13, 1993

IN RE: Application of Randolph Yarns Water    ) ORDER GRANTING  
System for Approval of Water Rates.        ) WAIVER AND  
  ) ACCEPTING  
  ) APPLICATION

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of an application filed by Randolph Yarns Water System (the Company) wherein the Company requests that the Commission waive certain requirements of R.103-712.4.B of the Commission's Rules and Regulations as contained in Volume 26 of the S. C. Code of Laws, 1976 and accept the Company's application. The requirements which the Company requests for the Commission to waive are 1) copy of engineering plans and specifications pursuant to R.103-712.4.B.2; 2) financial statement showing proposed plant investment by categories pursuant to R.103-712.4.B.7; 3) depreciation schedule by categories of plant and average service lives pursuant to R.103-712.4.B.8; and 4) statement by a professional engineer that the system was built and installed according to plans and specifications on file with the Commission and will furnish adequate service for the area to be served pursuant to R.103-712.4.B.11.

The Commission, pursuant to R.103-803 of the Commission's Rules and Regulations, finds that in the instant matter compliance

with R.103-712.4.B would result in unusual hardship and difficulty to the Company in that the material required by this Rule is not available at this time and that it is unlikely that such material will ever be available.

Therefore, the matter contained in the application, the Company's supporting data, and the matter contained in the Commission's files, would bring the Commission to the conclusion that the requirements set forth in R.103-712.4.B regarding 1) the engineering plans and specifications, 2) the financial statement showing proposed plant investment by categories, 3) the depreciation schedule by categories of plant and average service lives, and 4) the statement by a professional engineer that the system was built according to plans and specifications on file with the Commission should be waived, and that such waiver is in the public interest.

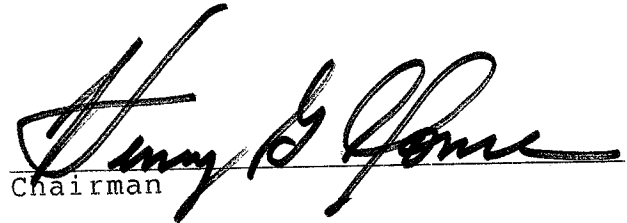

IT IS THEREFORE ORDERED:

1. That the request filed by Randolph Yarns Water System requesting a waiver of certain requirements set forth in R.103-712.4.B, as contained in Volume 26 of the S.C. Code of Laws, 1976, and as set out above, be and hereby is, granted.

2. That the application of Randolph Yarns Water System be accepted for filing.

3. That this Order remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

  
Chairman

ATTEST:

  
Executive Director
